

## 0300605

### PBGA ACCESSORY KIT

The fixtures in this kit have been optimized to assist the end user with the decapsulation of a wide variety of PBGA packages.

Gasket drawings are displayed below in a 1:1 ratio for easy part number selection and reordering.

All alignment plates (series #0700101) have the suffix engraved.

All gaskets in this kit have a thickness of approximately .070" (1.8mm).

A typical fixture stack-up featuring components found in this kit can be seen in the render above.
